

§ 930.90

consistency certification for the amended or new plan.

[65 FR 77154, Dec. 8, 2000, as amended at 71 FR 829, Jan. 5, 2006]

Subpart F—Consistency for Federal Assistance to State and Local Governments

§ 930.90 Objectives.

The provisions of this subpart are intended to ensure that federal assistance to applicant agencies for activities affecting any coastal use or resource is granted only when such activities are consistent with approved management programs. The provisions of subpart I of this part are intended to supplement the provisions of this subpart for federal assistance activities having interstate coastal effects.

§ 930.91 Federal assistance.

The term “federal assistance” means assistance provided under a federal program to an applicant agency through grant or contractual arrangements, loans, subsidies, guarantees, insurance, or other form of financial aid.

§ 930.92 Applicant agency.

The term “applicant agency” means any unit of State or local government, or any related public entity such as a special purpose district, which, following management program approval, submits an application for federal assistance.

§ 930.93 Intergovernmental review process.

The term “intergovernmental review process” describes the procedures established by States pursuant to E.O. 12372, “Intergovernmental Review of Federal Programs,” and implementing regulations of the review of federal financial assistance to applicant agencies.

§ 930.94 State review process for consistency.

(a) States with approved management programs should review applications from applicant agencies for federal assistance in accordance with E.O. 12372 and implementing regulations.

15 CFR Ch. IX (1–1–16 Edition)

(b) The applicant agency shall submit an application for federal assistance to the State agency for consistency review, through the intergovernmental review process or by direct submission to the State agency, for any proposed federal assistance activity that is listed in the management program as a type of activity that will have a reasonably foreseeable effect on any coastal use or resource and occurring within the coastal zone (*see* § 930.95(a)) or within a described geographic area outside of the coastal zone (*see* § 930.95(b)).

(c) *Applicant agency evaluation.* The applicant agency shall provide to the State agency, in addition to the federal application, a brief evaluation on the relationship of the proposed activity and any reasonably foreseeable coastal effects to the enforceable policies of the management program.

§ 930.95 Guidance provided by the State agency.

(a) State agencies should include within the management program a listing of specific types of federal assistance programs subject to a consistency review. Such a listing, and any amendments, will require prior State agency consultation with affected Federal agencies and approval by the Director as a program change.

(b) In the event the State agency chooses to review applications for federal assistance activities outside of the coastal zone but with reasonably foreseeable coastal effects, the State agency shall develop a federal assistance provision within the management program generally describing the geographic area (e.g., coastal floodplains) within which federal assistance activities will be subject to review. This provision, and any refinements, will require prior State agency consultation with affected Federal agencies and approval by the Director as a program change. Listed activities may have different geographic location descriptions, depending on the nature of the activity and its effects on any coastal use or resource. For example, the geographic location for activities affecting water resources or uses could be described by shared water bodies, river basins, boundaries defined under the
